Ep.2: Why Jesus Would Want Us To Have This Conversation

I invite you to take a closer look at why Jesus would want us to have an honest conversation about the religion created in his name. Answer the following questions for yourself only or discuss them with friends and family.

Thinking about your religious upbringing, do you have a similar memory that is your "little turtle" experience with Christianity?

List 5 things you may have been exposed to in your religious experience that feel wrong to your loving and inclusive soul (i.e., Hell-fire-and-damnation sermons).

Can you describe an instance when you were bullied for being different? What was done or said to you and how did that feel?

Check each statement that is true:

- I or my friends or family members identify as LGBTQ2+.
- I have friends or family members whose skin color is different than mine.
- I have friends or family members who practice other religious faiths.
- I have neighbors who look different than I do.
- I have friends who are financially better off or worse off than I am.
- I or my friends or family members are physically handicapped or have autism or are challenged in other ways.

Describe what "treating other people as you want to be treated" means to you.
